"Direction Slips."

For the convenience of the physician in prescribing Peptonised Milk, Beef, Gruels, etc., we have devised these "direction slips" in small pads, of proper size for the vest pocket. The pad contains a number of slips of directions for each sort of food—peptonised milk by the cold process, and for jellies, punches, etc., peptonised gruel, peptonised beef, junket, whey, etc.

By this means the physician is enabled to leave, with the patient or nurse, plain, printed directions for the special food and method he may desire to order. These direction slips have proven very acceptable to the profession. They contain no reference nor suggestion concerning diseases or their medical treatment. We shall be pleased to send them by mail, upon request.

FAIRCHILD BROS. & FOSTER,

82 and 84 Fulton Street, New York.

Average dose Pepsin is 5 grains.
" " Papoid " 1 grain.

Thus:
One dose Pepsin costs $1\frac{43}{100}$ cents.
One dose Papoid costs $1\frac{25}{100}$ cents.

Johnson & Johnson.
Chemists.

VIN MARIANI

"THE STANDARD PREPARATION OF ERYTHROXYLON COCA."

CAREFUL, continued testing, by upwards of seven thousand practitioners in America, whose written opinions over their signatures (in our possession) are fully in accord and clearly prove the efficacy and merits of "VIN MARIANI," may be thus summarized:

"Diffusible stimulant and tonic in anæmia, nervous depression, sequelæ of childbirth, lymphatism, tardy convalescence, general 'Malaise,' and after wasting fevers.

"Special reference to the nervous system, in all morbid states, melancholia, etc.

"Tonic in laryngeal and gastric complications, stomach troubles.

"All cases where a general toning or strengthening of the system is needed.

"The only tonic stimulant without any unpleasant reaction, and may be given indefinitely, never causing constipation."

N.B.—This Wine has been found always uniform and reliable, owing to the selection of finest ingredients and the greatest accuracy in its manipulation. When prescribing, therefore, the Medical Profession are strongly advised to specify "VIN MARIANI," in order to avoid the substitution of imitations often worthless and consequently disappointing in effect.

Please specify VIN MARIANI.

Per Case of Half-Dozen Bottles, . . $6 00
Per Case of One Dozen Bottles, . . 12 00

MARIANI & CO.,

Depot for the United Kingdom—32 SNOW HILL, LONDON, E. C.

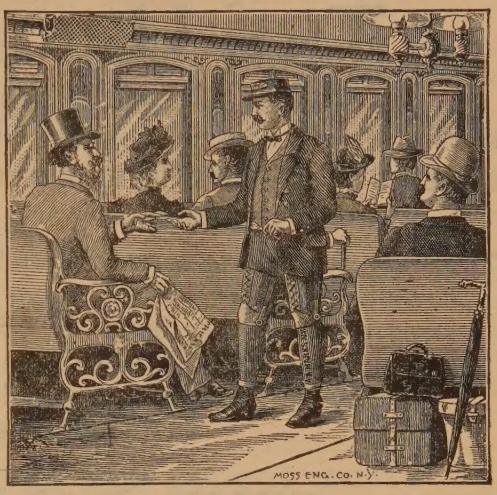
A CONDUCTOR ON A WESTERN EXPRESS IS THE MARVEL OF THOSE WHO HAVE BEEN LET INTO HIS SECRET.

Although having had both of his feet amputated, he is a conductor of extraordinary ability.

He passes through his train when going at the rate of sixty miles an hour; he collects and punches tickets with the suavity of one proud of his position. The car jolts, hitches, sways and he retains his balance without the least awkwardness.

At stations he alights with agility, watches his passengers and gives signals, boards his train and walks the passageway with the steadiness of one possessing his natural legs.

Day after day for three years he has performed this round of duty, and not a soul has had occasion to suspect that he operates on a pair of artificial legs with rubber feet, and only those to whom he voluntarily reveals his condition ever know of his dependence on artificial extremities His movements are graceful, his appearance is natural his step is firm and elastic, and his power is complete.



All this is made possible by the virtues of rubber, which largely composes the feet; the old methods of artificial limbs, with wooden feet and mechanical joints, would render this man unsafe, toottish, unsteady, and unfit for a position that requires sound footing. The engraving represents Mr. Wade operating on his artificials in his chosen profession.

Conductors, engineers, firemen, brakemen, miners, and men of all trades, who have met with the loss of either extremities, have been restored and enabled to resume their labors by the use of artificial limbs with rubber hands and feet.

Subjects can remain at home and have artificials made, with fit guaranteed. One-half the legs and arms are made from measurements and profiles, without the presence of the wearer.

Indorsed by eminent surgeons, and over 13,000 men, women, and children who wear them, residing in all parts of the world.

A treatise of 430 pages, with 256 illustrations and 1,000 testimonials, will be sent FREE OF CHARGE. Address,

A. A. MARKS, 701 BROADWAY, NEW YORK CITY.

ESTABLISHED 40 YEARS.

If we had your name and address we would mail our latest Catalogue of Batteries and other Electrical Apparatus. Our address is

Manufacturers of THE STANDARD ELECTRICAL INSTRUMENTS for Medical and Surgical Use.

It is important to us that you mention this Journal;

A Theory Demonstrated in Practice,—

THE URIC SOLVENT.

For NEUTRALIZING and ELIMINATING URIC ACID from the BLOOD and thereby removing from the system the disorders caused by it, viz:

DIABETES, BRIGHT'S DISEASE, CYSTITIS, SCIATICA, GOUT, RHEUMATISM, DROPSY, NEURALGIA, AND DISEASES OF THE HEART.

THE URIC SOLVENT is a rational and very effective remedy for all RENAL DISORDERS and those derangements and diseases arising from a defective action of the kidneys. Physicians will find in the URIC SOLVENT a GREAT HELPER in the treatment of the above complaints, it being free from all poisonous drugs. Dispensed by all reliable apothecaries.

PRICE, $1.00 PER BOTTLE.

For URIC SOLVENT Circular, Formula, Treatment, etc., address,

NEW YORK PHARMACEUTICAL CO.,

BEDFORD SPRINGS, MASS.

TWENTY-FIVE YEARS have established the great reputation of

HAYDEN'S

VIBURNUM COMPOUND

IN THE AILMENTS OF WOMEN

and in obstetric practice; it being superior to ERGOT in any and all cases. THE VIBURNUM COMPOUND of Dr. Hayden *antedates* and excels all other special remedies in the cases for which it is recommended, being *perfectly* safe and prompt in action.

Reference: Any of the most distinguished physicians in New York City or elsewhere in this country.

For our two hundred and fifty page illustrated hand-book, "Theory, Practice, and Demonstration," *free* to physicians, only send your address to

THE NEW YORK PHARMACEUTICAL COMPANY,

BEDFORD SPRINGS, MASS.

☞ **Write for H. V. C. and Avoid all Imitations and Substitutes.**

FRELIGH'S TABLETS,

(Cough and Constituent),

FOR THE PREVENTION AND CURE OF

PULMONARY PHTHISIS.

FORMULÆ.

Cough Tablets.

EACH TABLET CONTAINS

Morph. Sulph. ($\frac{1}{30}$ gr.), Atropiæ Sulph. ($\frac{1}{300}$ gr.), Codeia ($\frac{1}{30}$ gr.), Antimony Tart. ($\frac{1}{25}$ gr.), Ipecac, Aconite, Pulsatilla, Dulcamara, Causticum, Graphite, Rhus-tox, and Lachesis, fractionally so arranged as to accomplish every indication in any form of cough.

Constituent Tablets.

EACH TABLET CONTAINS

Arsenicum ($\frac{1}{30}$ gr.), Precipitate Carb. of Iron, Phos. Lime, Carb. Lime, Silica, and the other ultimate constituents, according to physiological chemistry (normally), in the human organism, together with Caraccas, Cocoa, and Sugar.

PRICE, THREE DOLLARS PER DOUBLE BOX.

Containing sufficient Tablets of each kind to last from one to three months, according to the condition of the patient.

A Connecticut physician writes:

"I am now using your Tablets on a patient (young lady), who has had three quite severe hemorrhages the week previous to the beginning of the same. She has taken one box only, has had no return of the hemorrhage, and has gained four (4) pounds since beginning treatment, besides all rational symptoms have improved wonderfully. I will add that I had tried Ol. Morrh., Syr. Hypophos. Co., etc., with no apparent benefit."

A Virginia physician writes:

"Enclosed find Postal Note for another double box Freligh's Tablets. I used the sample box in three cases, with decided benefit in one, slight improvement in second, and while they did not improve the third case, it being in very advanced stage, there was an amelioration of the distressing symptoms."

A Massachusetts physician, in practice 25 years, writes:

"Send me two double boxes Freligh's Tablets. I have tried the sample box with most excellent results."

A Michigan physician writes:

"I am more than pleased with them. They have not disappointed me once. Dr. C., for whom I ordered a box writes me that he is much improved, and speaks in praise of them. He has genuine Tuberculosis, and while I do not think he can recover, yet I firmly believe the Tablets will prolong his life."

SPECIAL OFFER.

While the above formulæ have been in use, in private practice, over 30 years, and we could give testimonials from well-known clergymen, lawyers, and business men, we prefer to leave them to the unbiased judgment of the profession with the following offer: On receipt of 50 cents, and card, letter-head, bill-head, or other proof that the applicant is a physician in active practice, we will send, delivered, charges prepaid, one of the regular (double) boxes (retail price, Three Dollars), containing sufficient of each kind of Tablets to test them three months (in the majority of cases) in some one case. Card, letter-head, or some proof that the applicant is a physician in active practice, MUST accompany each application. Pamphlet, with full particulars, price-list, etc., on request.

A PHOSPHORIZED

CEREBRO-SPINANT.

(FRELIGH'S TONIC.)

Our Special Offer is still open, to send to any physician, on receipt of 25 cents, and his card or letter head, half a dozen samples, delivered, charges prepaid. Each sample is sufficient to test it for a week in one case.

As we furnish no samples through the trade, wholesale or retail, for samples, directions, price-lists, etc., address,

I. O. WOODRUFF & CO., Manufacturers of Physicians' Specialties,

88 Maiden Lane, New York City.

PEACOCK'S BROMIDES

(SYR: BROM: COMP: PEACOCK.)

Each fluid drachm represents 15 grains of the Combined C. P. Bromides of Potassium, Sodium, Calcium, Ammonium and Lithium.

USES: EPILEPSY, UTERINE CONGESTION, HEADACHE, AND ALL CONGESTIVE, CONVULSIVE AND REFLEX NEUROSES.

This preparation produces results, which can not be obtained from the use of commercial Bromide substitutes.

DOSE.—One to two FLUID drachms, in WATER, three or more times a day.

PEACOCK'S FUCUS MARINA

(ELIX: FUCI MAR: PEACOCK.)

From Sea Weed. **Uses: Malaria, Phthisis, Etc.**

An ALLY of quinine—quinine CHECKS the Malarial Chill; Fucus Marina ELIMINATES the Malarial CAUSE; and thus prevents the recurrence of the Chill *after* it has been *checked* by quinine.

An INVALUABLE REMEDY in the treatment of Phthisis—it arrests the decay of lung tissue, diminishes the fever, lessens the cough, abates the soreness in the lungs, improves the appetite, and impedes the progressive emaciation.

DOSE.—One Teaspoonful IN WATER, four times a day.

CHIONIA FROM CHIONANTHUS.

Uses: Biliousness, Jaundice, Dyspepsia, Constipation, and all Diseases Caused by Hepatic Torpor.

CHIONIA stimulates the Liver and restores it to a healthy condition, without debilitating the system by Catharsis; does not purge, per se, but under its use the Liver and Bowels gradually resume their normal functions.

DOSE.—One Fluid Drachm three times a day.

PEACOCK CHEMICAL CO., ST. LOUIS.

DR. MASSEY'S
Private Sanitarium
212 SOUTH FIFTEENTH ST.,

PHILADELPHIA.

This institution, in addition to complete arrangements for the treatment of Nervous Diseases by rest, electricity, massage, etc., under comfortable surroundings, is specially equipped for the treatment of cases of Fibroid Tumors and other intractable diseases of the pelvic viscera, by the conservative use of strong electric currents. For particulars, address

DR. C. BETTON MASSEY,

212 S. Fifteenth St., Philadelphia.

NUTROLACTIS
THE GALACTAGOGUE

Enables nursing mothers whose milk is scanty or poor to yield a copious supply of excellent milk in three days. Acts by improving nutrition. Formula on every bottle. Prepared by *Nutrolactis Company*, New York City. A full-sized bottle, value $1.00, free to any physician paying express charges on delivery. Please mention this journal.

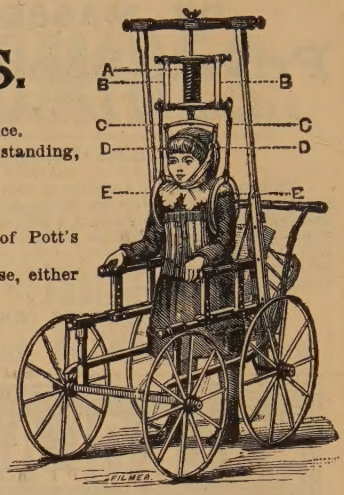
Price, 25 Cents per Bottle; $2.50 per Dozen. For Sale by all Druggists.

THE ALE AND BEEF COMPANY, 267 W. 17th St., New York.

DR. MEIGS CASE'S
SPINAL APPARATUS.



MEANS AFFORDED.

1. Appropriate exercise under elast'c extension, with no restrictive appliance.
2. Continued extension made endurable by change in position, sitting, standing, or walking.
3. Perfect support, balance, and guidance in locomotion.

RESULTS OBTAINED.

1. The absolute and speedy cure, without deformity, of recent cases of Pott's Disease and Lateral Curvature.
2. Immediate relief, followed by permanent cure, in acute Pott's Disease, either before or after supervention of abscess or paraplegia.
3. Deformity lessened, and attending complications alleviated in all chronic curvatures in adults or youth.
4. Normal growth stimulated in children dwarfed by disease.
5. Spinal irritation relieved, and ultimately, with its causes, removed.
6. Remarkable improvement in the condition of children suffering from defective innervation, lack of muscular power or nervous inco-ordination, with inability to articulate distinctly and to control the use of the limbs.

These claims are not merely theoretical; they have been abundantly established by actual use of the apparatus.

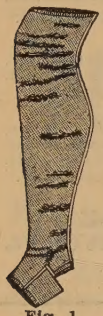


Fig. 1.

THE "MASTER"
SURGICAL ELASTIC STOCKINGS,

FOR VARICOSE VEINS, WEAK AND SWOLLEN JOINTS, DROPSY OF THE LIMBS, SPRAINS, ETC.

Provided with the Patent Non-Elastic **STAYS AND ADJUSTING LOOPS**, by the aid of which they can be drawn on easily, like pulling on a boot. They will last much longer than the old style, as the stays prevent them from being torn apart in drawing them on. All kinds and sizes in thread or silk elastic.

Fig. 1.—The Old Style discarded on account of pulling apart, while the elastic is still in good condition.
Fig. 2.—The New Style cannot pull apart and consequently lasts until worn out.

BROMIDIA

THE HYPNOTIC.

FORMULA.—Every fluid drachm contains fifteen grains EACH of Pure Chloral Hydrat. and purified Brom. Pot. and one-eighth grain EACH of gen. im. ext. Cannabis Ind. and Hyoscyam.

DOSE.—One-half to one fluid drachm in WATER or SYRUP every hour, until sleep is produced.

INDICATIONS.—Sleeplessness, Nervousness, Neuralgia, Headache, Convulsions, Colic, Mania, Epilepsy, Irritability, etc. In the restlessness and delirium of fevers it is absolutely invaluable.

IT DOES NOT LOCK UP THE SECRETIONS.

PAPINE

THE ANODYNE.

Papine is the Anodyne or Pain-relieving Principle of Opium, the Narcotic and Convulsive Elements being Eliminated. It has Less Tendency to Cause Nausea, Vomiting, Constipation, etc.

INDICATIONS.—Same as Opium or Morphia.

DOSE.—ONE FLUID DRACHM—(represents the Anodyne principle of one-eighth grain of Morphia.)

IODIA

THE ALTERATIVE AND UTERINE TONIC.

FORMULA.—Iodia is a combination of active principles obtained from the Green Roots of Stillingia, Helonias, Saxifraga, Menispermum and Aromatics. Each fluid drachm also contains five grains Iod. Potas., and three grains Phos. Iron.

DOSE.—One or two fluid drachms (more or less as indicated) three times a day, before meals.

INDICATIONS.—Syphilitic, Scrofulous and Cutaneous Diseases, Dysmenorrhea, Menorrhagia, Leucorrhea, Amenorrhea, Impaired Vitality, Habitual Abortions and General Uterine Debility.

PURE STRONTIUM SALTS

(PARAF-JAVAL)

RECOMMENDED AT THE FRENCH ACADEMY IN

BRIGHT'S DISEASE, DILATATION OF THE STOMACH, EPILEPSY, Etc.

Strontium Salts, (Paraf-Javal) are non-toxic and free from traces of Barium; they are the only ones employed at the Paris Hospitals.

SOLUTION OF
LACTATE OF STRONTIUM.
(PARAF-JAVAL.)

SOLUTION OF
BROMIDE OF STRONTIUM.
(PARAF-JAVAL.)

These solutions are put up in 3 x original bottles containing 3*j* to the fluid ounce, and their purity is guaranteed by the signature of *Paraf-Javal* on the labels.

APIOLIN-CHAPOTEAUT.

(The true active principle of Parsley).

In DYSMENORRHŒA

Dr. Richard Hill before the Washington Medical Society, January 1891, stated that it was decidedly the most reliable agent he had yet used in spasmodic and congestive dysmenorrhœa.

In AMENORRHŒA

Fordyce Barker found the active principle of parsley of great value in Amenorrhœa, given daily a week antecedent to expected menstruation. (*Shoemaker's Materia Med.*)

Dispensed in spherical capsules of 20 centigrammes. Dose: 2 daily.

OL. SANTAL-MIDY.

For gonorrhoea and all forms of urethritis. It replaces copaiba, cubebs, and other remedies, without producing eructations, offensive odor or diarrhœa. The discharge is reduced to a slight oozing in forty-eight hours. It cures the most obstinate cases of cystitis and inflammation of the neck of the bladder.

Dr. Posner stated before the Berlin Medical Society: "The best form was the French preparation known as ***Santal-Midy.***—*Medical Record.*

Dose: 6 to 12 capsules daily. Original bottles contain 40 capsules.

The above are manufactured in the laboratories of

RIGAUD & CHAPOTEAUT, Paris.

New York Depot: E. FOUGERA & CO., 30 N. William Street.

From whom samples and literature may be obtained on application.

TO THE MEDICAL PROFESSION.

During the past seven years we have been laboring assiduously to produce *Infant Foods* ready for use that would closely resemble healthy human milk. It has not been an easy task, as every physician knows who has taken a special interest in the subject. We have spared neither labor nor expense to accomplish this object, which will be demonstrated to any Physician who will visit our factory. We have met the more recent demand for a *sterilized Food for Infants* by an expensive change in our machinery under the supervision of the most eminent Bacteriologists in the country. This sterilization has been accomplished without rendering the casein of the milk less digestible, as is invariably done with the patented sterilizers in use. It also insures, with the hermetically sealed cans, their perfect keeping qualities.

We do not think it possible that any *Infant Food* will ever be prepared that will excel **LACTO-PREPARATA** (an all milk food) for the feeding of young infants, and **CARNRICK'S FOOD** for their nourishment during the latter part of the nursing period. All other *Infant Foods* in the market are composed entirely of the cereals; or they contain so little milk (8 per cent.) that it is a misnomer to call them Milk Foods. If such foods are used alone, the child will not be properly nourished, its flesh will be flabby, and it will quickly succumb to disease, because they are deficient in albuminoid constituents.

Send for circulars and samples.

KUMYSGEN

Make your own KUMYSS in one minute.

A Product of Pure, Sweet Milk.

What is Kumysgen?

It is *Kumyss* in a dry form containing all the constituents of the best *Kumyss*, and requires only the addition of water to produce an article superior in digestibility and palatability to the old form of *Kumyss*.

It is the *Ideal Food* in all cases where nutrition is an important factor, and digestion is feeble.

When all other Foods fail try **Kumysgen,** but it is better to try it in the beginning and save time and strength.

Kumysgen is the only preparation of *Kumyss* that will keep. All liquid preparations of *Kumyss* will keep but a short time, and are constantly changing in the bottle, unless some deleterious preservative is used.

Kumyss made from **Kumysgen** is far more palatable, easier digested, and 35 per cent. less expensive than the old style **Kumyss.**

Our **Siphon Kumysgen Bottles** allow *Kumyss* to be drawn without loss of contents. One in every three bottles are *siphons*, containing same quantity of KUMYSGEN as the others. Send for samples and descriptive circulars.

Manufactured Only by

REED & CARNRICK, New York.

THE BEST ANTISEPTIC
FOR BOTH INTERNAL AND EXTERNAL USE.

ANTISEPTIC, PROPHYLACTIC, DEODORANT.

LISTERINE

NON-TOXIC, NON-IRRITANT, NON-ESCHAROTIC.

FORMULA—Listerine is the essential antiseptic constituent of Thyme, Eucalyptus, Baptisia, Gaultheria and Mentha Arvensis, in combination. Each fluid drachm also contains two grains of refined and purified Benzo-boracic Acid.

DOSE—Internally: One teaspoonful three or more times a day (as indicated) either full strength, or diluted, as necessary for varied conditions.

LISTERINE is a well-proven antiseptic agent—an antizymotic—especially adapted to internal use, and to make and maintain surgical cleanliness—asepsis—in the treatment of all parts of the human body, whether by spray, irrigation, atomization, or simple local application, and therefore characterized by its particular adaptability to the field of

PREVENTIVE MEDICINE—INDIVIDUAL PROPHYLAXIS.

Diseases of the Uric Acid Diathesis.

LAMBERT'S

LITHIATED HYDRANGEA

KIDNEY ALTERATIVE—ANTI-LITHIC.

FORMULA—Each fluid drachm of "Lithiated Hydrangea" represents thirty grains of FRESH HYDRANGEA and three grains of CHEMICALLY PURE Benzo-Salicylate of Lithia. Prepared by our improved process of osmosis, it is INVARIABLY of DEFINITE and UNIFORM therapeutic strength, and hence can be depended upon in clinical practice.

DOSE—One or two teaspoonfuls four times a day (preferably between meals).

Urinary Calculus, Gout, Rheumatism, Bright's Disease, Diabetes, Cystitis, Hæmaturia Albuminuria, and Vesical irritations generally.

We have much valuable literature upon { GENERAL ANTISEPTIC TREATMENT, LITHEMIA, DIABETES, CYSTITIS, ETC. } To forward to Physicians upon request.

LAMBERT PHARMACAL CO., ST. LOUIS, MO.

UNIVERSITY OF VIRGINIA

JAMES L. CABELL, A. M., M. D., LL. D., *Professor of Physiology and Surgery in the Medical Department of the University of Virginia, President of the National Board of Health, etc., etc.*, says:—

"**The Buffalo Lithia Water** Spring, No. 2, contains in notable quantities two of the alkalies which are accredited as extremely valuable in the treatment of Gout, Lithiasis and Liver Affections. I refer to the Carbonates of Potash and Lithia. It is now well known that both of these alkaline carbonates have an ascertained value in cases of

URIC ACID DIATHESIS CONNECTED WITH GRAVEL

and in cases of Chronic Gout, because of their affinity for Uric Acid and the great solubility of the salts which are formed by their union with that acid. It is, however, held by eminent medical authorities, that 'the beneficial effects of alkalies are not due to their neutralizing acidity, or to any direct action upon Uric Acid,' but that they 'seem to do good by combating the pathological state on which the formation of Uric Acid depends.' We are not, however, left to theory, as to the action of this water, as numerous testimonials from the profession seem to have established the fact that it has already accomplished results, such as its composition would indicate. It is

a remedy of decided efficiency in the Lithaemic condition."

Water in cases of one dozen half-gallon bottles, $5.00, f. o. b. here. For sale by all first-class druggists.

THOMAS F. GOODE, PROPRIETOR.
BUFFALO LITHIA SPRINGS, VA.

Platt's Chlorides,

The True Disinfectant.

Eleven years of practical daily use, by tens of thousands of intelligent physicians, and by hundreds of thousands of careful housekeepers, has established beyond doubt the value, the usefulness, and the superiority of Platt's Chlorides.

An odorless liquid, clean, stainless, powerful, efficient, and economical, it is peculiarly adapted to all the sanitary needs of the sick-room, and the hygienic demands of the household.

Platt's Chlorides is sold in quart bottles only, and by nearly every apothecary in every city, town or village in the United States. Should there be any practicing physician anywhere who may not as yet personally know its value, a sample with descriptive circulars, etc., will be gladly furnished free. Address, giving both Post and Express Offices,

HENRY B. PLATT, 36 Platt St., N. Y.

JOHNSTON'S FLUID BEEF.

CHEMICAL ANALYSIS By WM. HARKNESS, F.C.S.L., Analytical Chemist to the British Government.

LABORATORY, Somerset House, London, Eng.

I have made a very careful chemical analysis and microscopical examination of **Johnston's Fluid Beef**, and find it to contain in every 100 parts:

Moisture,	26.14	
Albumen and Gelatine,	21.81	Nitrogenous or
Fibrine in a readily soluble form,	37.48	flesh-forming food.
Ash or Mineral Matter,	14.57	
	100.00	

"The mineral matter is rich in phosphates. The microscopical examination shows the **Fluid Beef** to contain good, sound beef, ground to a very fine powder. There is not the slightest trace of fungus, spores, or any other organism which would tend to produce decomposition. I consider this a most valuable preparation, *combining, as it does, a concentrated extract of Beef with the solid beef itself*,—the latter being in a form easily digested."

Differing in all Essential Points from other Meat Extracts in the Market.

General Agents for the United States,

ROBERT SHOEMAKER & CO.,

BAKER'S EMULSION.
BAKER'S COD LIVER OIL AND MALT.
SOL. SALICYLATE OF IRON.

CHOLERA.

HORSFORD'S ACID PHOSPHATE.

By the researches of Koch and others, it is found that the cholera bacilli require for their growth, a mild alkaline nutrient medium, and that acids are most useful to kill them.

Horsford's Acid Phosphate has been successfully employed by the Physicians in Europe and America, and possesses special advantages over other acids, because of its beneficial action upon the nerves and process of digestion, and its tonic and general strengthening effect upon the whole system.

Half a teaspoonful in half a tumbler of water, with sugar if desired, will make a palatable drink.

Send for descriptive circular. Physicians who wish to test it will be furnished a bottle on application, without expense, except express charges.

Prepared under the direction of Prof. E. N. HORSFORD, by the

RUMFORD CHEMICAL WORKS, Providence, R. I.

BEWARE OF SUBSTITUTES AND IMITATIONS.

It stopped the bleeding in every instance that he applied it. The patient by this method is relieved of the disagreeable tarry clots formed by the solutions of iron so commonly used for this purpose. He finds Antipyrin is an antipyretic that can be relied on, but he has learned to use it in smaller doses than formerly, and by so doing he can acquire the same results.

A Modern Method of Medication.

Among the many methods of administering medicaments, the soluble elastic gelatin capsule is growing to be one of the most popular.

There are many efficient but unpalatable medicaments which may be readily exhibited in this way, without offending the palate of the most sensitive patients, and capsules are much easier to swallow and more soluble than pills.

Few physicians are aware of the many medicaments that are now administered in this way. Among these one need only mention the following to indicate the wide application of this method of giving numerous drugs:—

Apiol, balsam fir, balsam Peru, cascara sagrada, castor-oil, castor-oil and podophyllin, chaulmoogra-oil, codliver-oil, codliver-oil and creasote, codliver-oil and iodine, codliver-oil and iodoform, codliver-oil and iron, codliver-oil and phosphorus; copaiba, copaiba and cubeb; copaiba, cubeb and buchu; copaiba, cubeb and iron; copaiba, cubeb and matico; copaiba, cubeb, matico and sandal; copaiba, cubeb and sandal; copaiba, cubeb and sarsaparilla; copaiba and iron; copaiba, cubeb and turpentine; copaiba and sandal; creasote (beechwood), 1 minim; eucalyptus-oil; gurjun-balsam; linseed oil; liquor sedans; male fern and kamala; nitro-glycerin, $\frac{1}{100}$ grain; oil of pennyroyal; pichi extract; salol; tar, purified; valerian-oil; Warburg's tincture; wintergreen-oil; wormseed-oil; quinine muriate and sulphate.

Of extra-sized elastic-filled gelatin capsules there are castor oil, 2½ to 15 grammes; codliver-oil, 2½ to 15 grammes; male fern and castor-oil; santonin and castor-oil.

Messrs. Parke, Davis & Co. were among the first to make this method popular, and will be pleased to afford physicians interested all desired information concerning this agreeable method of medication.

DR. McMUNN'S

Elixir of Opium.

AN INVALUABLE DISCOVERY IN THE PREPARATION OF OPIUM.

It contains all the valuable medicinal properties of Opium in natural combination, to the exclusion of all its noxious, deleterious, useless principles upon which its bad effects depend. It possesses all the sedative, anodyne, and antispasmodic powers of Opium: To produce sleep and composure, to relieve pain and irritation; nervous excitement and morbid irritability of body and mind; to allay convulsive and spasmodic actions, etc; and being purified from all the noxious and deleterious elements, its operation is attended by no sickness of the stomach no vomiting, no costiveness, no headache, nor any derangement of the constitution or general health. Hence its high superiority over Laudanum, Paregoric, Black Drop, Denarcotized Laudanum., and every other Opiate preparation.

CAUTION.

On account of its large sale, spurious articles are offered in bulk. The genuine is sold only in vials of about 7 drachms, with yellow wrappers and signature of Jno. B. McMunn.

E. FERRETT, Agent, 372 Pearl Street, New York.

HAVING leased the entire five-story building, N. E. Cor. Arch and Twelfth Streets, for a term of years, we have fitted it up for the manufacture and sale of fine Carriages, Harness, etc., etc.

In our *three show rooms* (passenger elevator to each floor) you will always find a full assortment of Carriages of our own manufacture, with which the public has long been familiar. In addition, we shall keep in stock all the latest novelties in Oak and Painted work.

As our shops here are fully equipped for doing *First-class Repair Work* with dispatch, we have discontinued the shops at 1707 and 1709 Filbert Street. We solicit your valuable patronage, and guarantee satisfaction in every particular. Entrance to Repair Shops on Twelfth Street.

STEARNS'

Cascara Aromatic

Is a fluid extract (not a cordial, syrup, or other *dilute* preparation.) of prime and selected two year old bark (Fresh bark contains a ferment which produces griping.).

Cascara Aromatic is sweet in taste (which children and women especially appreciate.) instead of being bitter, as is the ordinary fluid extract, powerful (Its dose is only ¼ to 1 fluidrachm.) yet gentle in effect, and in addition does not gripe (This, next to its taste, is its most vuluable property, as ordinary bitter fluid extracts do.).

SURELY AN IDEAL LAXATIVE.

FREE

TO ALL WHOSE NAMES APPEAR ON OUR BOOKS AS SUBSCRIBERS TO VOL. II OF SHOEMAKER'S "MATERIA MEDICA, PHARMACOLOGY, AND THERAPEUTICS."

A CLINICAL INDEX.

Ask us for the CLINICAL INDEX to this Volume.
It—the CLINICAL INDEX—was an after-thought.
Some subscribed to this Volume before the INDEX was printed.
They are entitled to receive it free of all cost and expense.

Its twenty pages contain an alphabetical list of 624 diseases, under each of which are the names of all the drugs and remedies used in any of the phases of the particular disease, thus making the most complete classification possible.

Thus, you are treating a case of typhoid fever, you look in the Index under that title and find 42 remedies suggested. By referring to the various pages describing the different drugs you will finally find perhaps one or more you may use in the phase of the disease at hand.

We shall feel best satisfied if every one who subscribed to Volume II will give us the opportunity to supply him with this Index, so as to make his work as complete as we can. This offer is in accordance with the general policy of our house to treat all alike, fairly and generously.

Bulletin Binders.

THE NATIONAL BINDER commends itself to the profession as possessing merits far superior to any similar invention.

FIRST. The **SOLID WOODEN BACK,** presenting an attractive appearance, corresponding to a permanently bound book, and in striking contrast to all other binders, with their soft, "mushy" backs, equally untidy on the table or library shelf.

SECOND. **NON-MUTILATION OF CONTENTS.** The journal is instantly but securely bound by the thin slats which run the length of the magazine, and yet can be removed at pleasure.

THIRD. The **SIMPLICITY OF ITS CONSTRUCTION.**

While the strength and simplicity of the binder is noticeable, it is also *very light in weight.* Professional men, and all who wish to preserve printed or written literature in a permanent, cheap, and attractive form, unite in their praise of what is destined to become a standard article as fast as known.

PSYCHOPATHIA SEXUALIS,

WITH ESPECIAL REFERENCE TO

Contrary Sexual Instinct.

BY

Dr. R. von KRAFFT-EBING,

Professor of Psychiatry and Neurology in the University of Vienna.

Authorized Translation of the Seventh German Edition

BY

CHARLES GILBERT CHADDOCK, M.D.,

Assistant Medical Superintendent Northern Michigan Asylum; Fellow of the Chicago Academy of Medicine.

Prof. von Krafft-Ebing's study of the psychopathology of the sexual life was, when first published, a small monograph; but in the seven editions through which it has passed so rapidly it has received so many additions and been made to cover so completely every aspect of the anomalies of the sexual sphere that the work now deserves the name of a treatise. It easily supersedes all previous attempts to treat this important subject scientifically; and it is sure to commend itself to members of the medical and legal professions as a scientific explanation of many social and criminal enigmas to which no work in English offers a solution. In one Royal Octavo volume, about 500 pages.

The work will be sold only by SUBSCRIPTION to MEMBERS OF THE MEDICAL AND LEGAL PROFESSIONS AT THE FOLLOWING PRICES:—

	United States.	Canada (duty paid).	Great Britain.	France.
Cloth,	$3 00 net	$3.30 net	17s. 6d.	18 fr. 60

Medical Publications of The F. A. Davis Co., Philadelphia.

The Medical Bulletin Visiting-List or Physicians' Call Record.

ARRANGED UPON AN ORIGINAL AND CONVENIENT MONTHLY AND WEEKLY PLAN FOR THE DAILY RECORDING OF PROFESSIONAL VISITS.

Frequent Rewriting of Names Unnecessary.

THIS Visiting-List is arranged so that the names of patients need be written but ONCE a month instead of FOUR times a month, as in the old-style lists. By means of a new feature, a simple device consisting of STUB OR HALF LEAVES IN THE FORM OF INSERTS, the first week's visits are recorded in the usual way, and the second week's visits are begun by simply turning over the half-leaf without the necessity of rewriting the patients' names. This very easily understood process is repeated until the month is ended and the record has been kept complete in every detail of VISIT, CHARGE, CREDIT, etc., and the labor and time of entering and transferring names at least THREE times in the month has been saved. There are no intricate rulings; not the least amount of time can be lost in comprehending the plan, for it is acquired at a glance.

THE THREE DIFFERENT STYLES MADE.

The **No. 1 Style** of this List provides space for the DAILY record of seventy different names each month for a year; for physicians who prefer a List that will accommodate a larger practice we have made a **No. 2 Style**, which provides space for the daily record of 105 different names each month for a year, and for physicians who may prefer a Pocket Record-Book of less thickness than either of these styles we have made a **No. 3 Style**, in which "The Blanks for the Recording of Visits in" have been made into removable sections. These sections are very thin, and are made up so as to answer in full the demand of the largest practice, each section providing ample space for the DAILY RECORD OF 210 DIFFERENT NAMES for two months; or 105 different names daily each month for four months; or seventy different names daily each month for six months. Six sets of these sections go with each copy of No. 3 STYLE.

SPECIAL FEATURES NOT FOUND IN ANY OTHER LIST.

In this No. 3 STYLE the PRINTED MATTER, and such matter as the BLANK FORMS FOR ADDRESSES OF PATIENTS, Obstetric Record, Vaccination Record, Cash Account, Birth and Death Records, etc., are fastened permanently in the back of the book, thus reducing its thickness. The addition of one of these removable sections does not increase the thickness more than an eighth of an inch. This brings the book into such a small compass that no one can object to it on account of its thickness, as its bulk is VERY MUCH LESS than that of any visiting-list ever published. Every physician will at once understand that as soon as a section is full it can be taken out, filed away, and another inserted without the least inconvenience or trouble. *Extra or additional sections will be furnished at any time for 15 cents each or $1.75 per dozen.* This Visiting-List contains calendars, valuable miscellaneous data, important tables, and other useful printed matter usually placed in Physicians' Visiting-Lists.

Physicians of many years' standing and with large practices pronounce it THE BEST LIST THEY HAVE EVER SEEN. It is handsomely bound in fine, strong leather, with flap, including a pocket for loose memoranda, etc., and is furnished with a Dixon lead-pencil of excellent quality and finish. It is compact and convenient for carrying in the pocket. Size, 4 x 6⅞ inches.

IN THREE STYLES. NET PRICES.

No. 1. Regular size, to accommodate 70 patients daily each month for one year, . . . **$1.25**

No. 2. Large size, to accommodate 105 patients daily each month for one year, ... **$1.50**

No. 3. In which the "Blanks for Recording Visits in" are in removable sections, . . . **$1.75.**

N. B.—The Recording of Visits in this List may be Commenced at any time during the Year.

Medical Publications of The F. A. Davis Co., Philadelphia.

Physician's All-Requisite Time- and Labor-Saving Account-Book.

BEING A LEDGER AND ACCOUNT-BOOK FOR PHYSICIANS' USE, MEETING ALL THE REQUIREMENTS OF THE LAW AND COURTS.

Designed by WILLIAM A. SEIBERT, M.D , of Easton, Pa.

Probably no class of people lose more money through carelessly kept accounts and overlooked or neglected bills than physicians. Often detained at the bedside of the sick until late at night, or deprived of even a modicum of rest, it is with great difficulty that he spares the time or puts himself in condition to give the same care to his own financial interests that a merchant, a lawyer, or even a farmer devotes. It is then plainly apparent that a system of bookkeeping and accounts that, without sacrificing accuracy, but, on the other hand, ensuring it, at the same time relieves the keeping of a physician's book of half their complexity and two-thirds the labor, is a convenience which will be eagerly welcomed by thousands of overworked physicians. Such a system has at last been devised, and we take pleasure in offering it to the profession in the form of The Physician's All-Requisite Time- and Labor- Saving Account-Book.

There is no exaggeration in stating that this Account-Book and Ledger reduces the labor of keeping your accounts more than one-half, and at the same time secures the greatest degree of accuracy. We may mention a few of the superior advantages of The Physician's All-Requisite Time- and Labor- Saving Account-Book, as follows :—

First—Will meet all the requirements of the law and courts.
Second—Self-explanatory ; no cipher code.
Third—Its completeness without sacrificing anything.
Fourth—No posting ; one entry only.
Fifth—Universal ; can be commenced at any time of the year, and can be continued indefinitely until every account is filled.
Sixth—Absolutely no waste of space.
Seventh—One person must needs be sick every day of the year to fill his account, or might be ten years about it and require no more than the space for one account in this ledger.
Eighth—Double the number and many times more than the number of accounts in any similar book ; the 300-page book contains space for 900 accounts, and the 600-page book contains space for 1800 accounts.
Ninth—There are no smaller spaces.
Tenth—Compact without sacrificing completeness ; every account complete on same page—a decided advantage and recommendation.
Eleventh—Uniform size of leaves.
Twelfth—The statement of the most complicated account is at once before you at any time of month or year—in other words, the account itself as it stands is its simplest statement.
Thirteenth—No transferring of accounts, balances, etc.

To all physicians desiring a quick, accurate, and comprehensive method of keeping their accounts, we can safely say that no book as suitable as this one has ever been devised. A descriptive circular showing the plan of the book will be sent on application.

SENN

Principles of Surgery.

By N. SENN, M.D., PH.D., Professor of Practice of Surgery and Clinical Surgery in Rush Medical College, Chicago, Ill.; Professor of Surgery in the Chicago Polyclinic; Attending Surgeon to the Milwaukee Hospital; Consulting Surgeon to the Milwaukee County Hospital and to the Milwaukee County Insane Asylum.

This work, by one of America's greatest surgeons, is thoroughly COMPLETE; its clearness and brevity of statement are among its conspicuous merits. The author's long, able, and conscientious researches in every direction in this important field are a guarantee, of unusual trustworthiness, that every branch of the subject is treated authoritatively, and in such a manner as to bring the greatest gain in knowledge to the practitioner and student.

In one handsome Royal Octavo volume, with 109 fine Wood-Engravings and 624 pages.

	United States.	Canada (duty paid).	Great Britain.	France
Price in Cloth,	**$4.50, Net**	**$5.00, Net**	**24s. 6d.**	**27 fr. 20**

STEPHEN SMITH, M.D., Professor of Clinical Surgery Medical Department University of the City of New York, writes:—"I have examined the work with great satisfaction, and regard it as a most valuable addition to American surgical literature. There has long been great need of a work on the principles of surgery which would fully illustrate the present advanced state of knowledge of the various subjects embraced in this volume. The work seems to me to meet this want admirably."

LEWIS A. SAYRE, M.D., Professor Orthopædic Surgery Bellevue Hospital Medical College, New York, writes:—"My Dear Doctor Senn: Your very valuable work on surgery, sent to me some time since, I have studied with great satisfaction and improvement. I congratulate you most heartily on having produced the most classical and practical work on surgery yet published."

FRANK J. LUTZ, M.D., St. Louis, Mo., says:—"It seems incredible that those who pretend to teach have done without such a guide before, and I do not understand how our students succeeded in mastering the principles of modern surgery by attempting to read our obsolete text-books. American surgery should feel proud of the production, and the present generation of surgeons owe you a debt of gratitude."

WM. OSLER, M.D., The Johns Hopkins Hospital, Baltimore, says:—"You certainly have covered the ground thoroughly and well, and with a thoroughness I do not know of in any similar work. I should think it would prove a great boon to the students and also to very many teachers."

The work is systematic and compact, without a fact omitted or a sentence too much, and it not only makes instructive but fascinating reading. A conspicuous merit of Senn's work is his method, his persistent and tireless search through original investigations for additions to knowledge, and the practical character of his discoveries.—*The Review of Insanity and Nervous Diseases.*

Every chapter is a mine of information containing all the recent advances on the subjects presented in such a systematic, instructive, and entertaining style that the reader will not willingly lay it aside, but will read and re-read with pleasure and profit.—*Kansas Medical Journal.*

After perusing this work on several different occasions, we have come to the conclusion that it is a remarkable work, by a man of unusual ability. The author seems to have had a very large personal experience, which is freely made use of in the text, besides which he is familiar with almost all that has been written in English and German on the above topics.—*The Canada Medical Record.*

The work is exceedingly practical, as the chapters on the treatment of the various conditions considered are based on sound deductions, are complete, and easily carried out by any painstaking surgeon. All in all, the book is a most excellent one, and deserves a place in every well-selected library.—*Medical Record.*

It will prove exceedingly valuable in the diffusion of more thorough knowledge of the subject-matter among English-speaking surgeons. As in the case of all his work, he has done this in a truly admirable manner. The book throughout is worthy of the highest praise. It should be adopted as a text-book in all of our schools.—*University Medical Magazine.*

The principles of surgery, as expounded by Dr. Senn, are such as to place the student in the independent position of evolving from them methods of treatment; the master of the principles readily becomes equally a master of practice. And this, of course, is really the whole purpose of the volume.—*Weekly Medical Review.*

SAJOUS

HAY FEVER

And Its Successful Treatment by Superficial Organic Alteration of the Nasal Mucous Membrane.

By CHARLES E. SAJOUS, M.D., formerly Lecturer on Rhinology and Laryngology in Jefferson Medical College; Chief Editor of the Annual of the Universal Medical Sciences, etc. With 13 Engravings on Wood. 103 pages. 12mo. Bound in Cloth, Beveled Edges.

Price, post-paid, in the United States and Canada, $1.00, net; in Great Britain, 6s.; in France, 6 fr. 20.

Medical Publications of The F. A. Davis Co., Philadelphia.

EISENBERG

Bacteriological Diagnosis.

TABULAR AIDS FOR USE IN PRACTICAL WORK.

By JAMES EISENBERG, Ph.D., M.D., Vienna. Translated and augmented, with the permission of the author, from the second German Edition, by NORVAL H. PIERCE, M.D., Surgeon to the Out-Door Department of Michael Reese Hospital; Assistant to Surgical Clinic, College of Physicians and Surgeons, Chicago, Ill.

Nearly 200 pages. In one Royal Octavo volume, handsomely bound in Cloth and in Oil-Cloth (for laboratory use).

Price, post-paid, in the United States and Canada, $1.50, net; in Great Britain, 8s. 6d.; in France, 9 fr. 35.

This book is a novelty in Bacteriological Science. It is a work of great importance to the teacher as well as to the student. It will be of inestimable value to the private worker, and is designed throughout as a practical guide in laboratory work. It is arranged in a tabular form, in which are given the specific characteristics of the various well established bacteria, so that the worker may, at a glance, inform himself as to the identity of a given organism.

There is also an appendix, in which is given, in a concise and practical form, the technique employed by the best laboratories in the cultivation and staining of bacteria; the composition and preparation of the various solid, semi-solid, and fluid media, together with their employment; a complete list of stains and reagents, with formulæ for same; the methods of microscopic examination of bacteria, etc., etc., etc.

EDINGER

Twelve Lectures on the Structure of the Central Nervous System.

FOR PHYSICIANS AND STUDENTS.

By DR. LUDWIG EDINGER, Frankfort-on-the-Main. Second Revised Edition. With 133 Illustrations. Translated by WILLIS HALL VITTUM, M.D., St. Paul, Minn. Edited by C. EUGENE RIGGS, A.M., M.D., Professor of Mental and Nervous Diseases, University of Minnesota; Member of the American Neurological Association.

The illustrations are exactly the same as those used in the latest German edition (with the German names translated into English), and are very satisfactory to the Physician and Student using the book.

The work is complete in one Royal Octavo Volume of about 250 pages, bound in Extra Cloth.

Price, post-paid, in the United States and Canada, $1.75, net; in Great Britain, 10s.; in France, 12 fr. 20.

One of the most instructive and valuable works on the minute anatomy of the human brain extant. It is written in the form of lectures, profusely illustrated, and in clear language.—*The Pacific Record of Medicine and Surgery.*

Since the first works on anatomy, up to the present day, no work has appeared on the subject of the general and minute anatomy of the central nervous system so complete and exhaustive as this work of Dr. Ludwig Edinger. Being himself an original worker, and having the benefits of such masters as Stilling, Weigeit, Geilach, Meynert, and others, he has succeeded in transforming the mazy wilderness of nerve-fibres and cells into a district of well marked pathways and centres, and by so doing has made a pleasure out of an anatomical bugbear.—*The Southern Medical Record.*

Every point is clearly dwelt upon in the text, and where description alone might leave a subject obscure clever drawings and diagrams are introduced to render misconception of the author's meaning impossible. The book is eminently practical. It unravels the intricate entanglement of different tracts and paths in a way that no other book has done so explicitly or so concisely.—*Northwestern Lancet.*

Medical Publications of The F. A. Davis Co., Philadelphia.

WITHERSTINE

The International Pocket Medical Formulary

ARRANGED THERAPEUTICALLY.

By C. SUMNER WITHERSTINE, M.S., M.D., Associate Editor of the "Annual of the Universal Medical Sciences;" Visiting Physician of the Home for the Aged, Germantown, Philadelphia; Late House-Surgeon Charity Hospital, New York.

More than 1800 formulæ from several hundred well-known authorities. With an Appendix containing a Posological Table, the newer remedies included; Important Incompatibles; Tables on Dentition and the Pulse; Table of Drops in a Fluidrachm and Doses of Laudanum graduated for age; Formulæ and Doses of Hypodermatic Medication, including the newer remedies; Uses of the Hypodermatic Syringe; Formulæ and Doses for Inhalations, Nasal Douches, Gargles, and Eye-washes; Formulæ for Suppositories; Use of the Thermometer in Disease; Poisons, Antidotes, and Treatment; Directions for Post-Mortem and Medico-Legal Examinations; Treatment of Asphyxia, Sun-stroke, etc.; Anti-emetic Remedies and Disinfectants; Obstetrical Table; Directions for Ligations of Arteries; Urinary Analysis; Table of Eruptive Fevers; Motor Points for Electrical Treatment, etc.

This work, the best and most complete of its kind, contains about 275 printed pages, besides extra blank leaves—the book being interleaved throughout—elegantly printed, with red lines, edges, and borders; with illustrations. Bound in leather, with side flap.

It is a handy book of reference, replete with the choicest formulæ (over 1800 in number) of more than six hundred of the most prominent classical writers and modern practitioners.

The remedies given are not only those whose efficiency has stood the test of time, but also the newest and latest discoveries in pharmacy and medical science, as prescribed and used by the best-known American and foreign modern authorities.

It contains the latest, largest (66 formulæ), and most complete collection of hypodermatic formulæ (including the latest new remedies) ever published, with doses and directions for their use in over fifty different diseases and diseased conditions.

Its appendix is brimful of information, invaluable in office work, emergency cases, and the daily routine of practice.

It is a reliable friend to consult when, in a perplexing or obstinate case, the usual line of treatment is of no avail. (A hint or a help from the best authorities, as to choice of remedies, correct dosage, and the eligible, elegant, and most palatable mode of exhibition of the same.)

It is compact, elegantly printed and bound, well illustrated, and of convenient size and shape for the pocket.

The alphabetical arrangement of the diseases and a thumb-letter index render reference rapid and easy.

Blank leaves, judiciously distributed throughout the book, afford a place to record and index favorite formulæ.

As a *student*, the physician needs it for study, collateral reading, and for recording the favorite prescriptions of his professors, in lecture and clinic; as a *recent graduate*, he needs it as a reference hand-book for daily use in prescribing (gargles, nasal douches, inhalations, eye-washes, suppositories, incompatibles, poisons, etc.); as an *old practitioner*, he needs it to refresh his memory on old remedies and combinations, and for information concerning newer remedies and more modern approved plans of treatment.

No live, progressive medical man can afford to be without it.

Price, post-paid, in United States and Canada $2.00, net; Great Britain, 11s. 6d.; France, 12 fr. 40.

It is sometimes important that such prescriptions as have been well established in their usefulness be preserved for reference, and this little volume serves such a purpose better than any other we have seen.—*Columbus Medical Journal.*

To the young physiciun just starting out in practice th.s little book will prove an acceptable companion.—*Omaha Clinic.*

As long as "combinations" are sought, such a book will be of value, especially to those who cannot spare the time required to learn enough of incompatibilities before commencing practice to avoid writing incompatible and dangerous prescriptions. The constant use of such a book by such prescribers would save the pharmacist much anxiety.—*The Druggists' Circular.*

In judicious selection, in accurate nomenclature, in arrangement, and in style, it leaves nothing to be desired. The editor and the publisher are to be congratulated on the production of the very best book of its class.—*Pittsburgh Medical Review.*

Medical Publications of The F. A. Davis Co., Philadelphia.

MASSEY

Electricity in the Diseases of Women.

WITH SPECIAL REFERENCE TO THE APPLICATION OF STRONG CURRENTS.

By G. BETTON MASSEY, M.D., Physician to the Gynæcological Department of the Howard Hospital; late Electro-therapeutist to the Philadelphia Orthopædic Hospital and Infirmary for Nervous Diseases, etc. SECOND EDITION. Revised and Enlarged. With New and Original Wood-Engravings. Handsomely bound in Dark-Blue Cloth. 240 pages. 12mo. *No. 5 in the Physicians' and Students' Ready-Reference Series.*

This work is presented to the profession as the most complete treatise yet issued on the electrical treatment of the diseases of women, and is destined to fill the increasing demand for clear and practical instruction in the handling and use of strong currents after the recent methods first advocated by Apostoli The whole subject is treated from the present stand-point of electric science *with new and original illustrations,* the thorough studies of the author and his wide clinical experience rendering him an authority upon electricity itself and its therapeutic applications. The author has enhanced the practical value of the work by including *the exact details* of treatment and results in a number of cases taken from his private and hospital practice.

Price, post-paid, in the United States and Canada, $1.50, net; in Great Britain, 8s. 6d.; in France, 9 fr. 35.

A new edition of this practical manual attests the utility of its existence and the recognition of its merits. The directions are simple, easy to follow and to put into practice; the ground is well covered, and nothing is assumed, the entire book being the record of experience.—*Journal of Nervous and Mental Diseases.*

It is only a few months since we noticed the first edition of this little book; and it is only necessary to add now that we consider it the best treatise on this subject we have seen, and that the improvements introduced into this edition make it more valuable still.—*Boston Medical and Surgical Journ.*

The style is clear, but condensed. Useless details are omitted, the reports of cases being pruned of all irrelevant material. The book is an exceedingly valuable one, and represents an amount of study and experience which is only appreciated after a careful reading.—*Medical Record.*

Physicians' Interpreter.

IN FOUR LANGUAGES (ENGLISH, FRENCH, GERMAN, AND ITALIAN).
SPECIALLY ARRANGED FOR DIAGNOSIS BY M. VON V.

The object of this little work is to meet a need often keenly felt by the busy physician, namely, the need of some quick and reliable method of communicating intelligibly with patients of those nationalites and languages unfamiliar to the practitioner. The plan of the book is a systematic arrangement of questions upon the various branches of Practical Medicine, and each question is so worded that the only answer required of the patient is merely Yes or No. The questions are all numbered, and a complete Index renders them always available for quick reference. The book is written by one who is well versed in English, French, German, and Italian, being an excellent teacher in all those languages, and who has also had considerable hospital experience. Bound in Full Russia Leather, for carrying in the pocket. Size, 5 x $2\frac{3}{4}$ inches. 206 pages.

Price, post-paid, in the United States and Canada, $1.00, net; in Great Britain, 6s.; in France, 6 fr. 20.

Many other books of the same sort, with more extensive vocabularies, have been published, but, from their size, and from their being usually devoted to equivalents in English and one other language only, they have not had the advantage which is pre-eminent in this—convenience. It is handsomely printed, and bound in flexible red leather in the form of a diary. It would scarcely make itself felt in one's hip-pocket, and would insure its bearer against any ordinary conversational difficulty in dealing with foreign-speaking people, who are constantly coming into our city hospitals.—*New York Medical Journal.*

This little volume is one of the most ingenious aids to the physician which we have seen. We heartily commend the book to any one who, being without a knowledge of the foreign languages, is obliged to treat those who do not know our own language.—*St. Louis Courier of Medicine.*

THE PUREST AND MOST ACTIVE PEPSIN
EVER INTRODUCED.

Webber-Pepsin, S. & D

STANDARD 1 TO 6000.

A Soluble, Non-Hygroscopic, Inodorous, Permanent Pepsin.

Dose: 1-8 to 2 Grains.

The Webber-Pepsin will completely digest 6000 times its weight of coagulated egg-albumen in accordance with the conditions of the U. S. P. test or that of the National Formulary.

It is not a Peptone-Pepsin, yet it is perfectly soluble, being free from mucus and inert putrescible matter, and is so palatable that the most fastidious patient will take it readily.

It is entirely free from septic contaminations, or other products of decomposition.

Physicians will appreciate these several advantages as possessed solely by the Webber-Pepsin.

Although further investigations based upon the Webber process have enabled us to produce Pepsin capable of digesting from 20,000 to 30,000 times its weight of coagulated egg-albumen, we have adopted 1 to 6000 as our standard for the Webber-Pepsin, because this already far exceeds the digestive power of any other Pepsin yet introduced, and especially because the production of a Pepsin of a still higher digestive power disproportionately increases its cost.

The Webber-Pepsin is offered in Granular and Powdered form, also in Scales, but unless otherwise specified we invariably furnish the GRANULAR form.

Samples furnished upon application.

MANUFACTURED ONLY BY **SHARP & DOHME,**

Branch Houses, New York and Chicago.

SYR. HYPOPHOS. CO., FELLOWS

Contains the Essential Elements of the Animal Organization—Potash and Lime;

The Oxidising Agents—Iron and Manganese;

The Tonics—Quinine and Strychnine;

And the Vitalizing Constituent—Phosphorus; the whole combined in the form of a Syrup with a **Slightly Alkaline Reaction.**

It Differs in its Effects from all Analogous Preparations; and it possesses the important properties of being pleasant to the taste, easily borne by the stomach, and harmless under prolonged use.

It has Gained a Wide Reputation, particularly in the treatment of Pulmonary Tuberculosis, Chronic Bronchitis, and other affections of the respiratory organs. It has also been employed with much success in various nervous and debilitating diseases.

Its Curative Power is largely attributable to its stimulant, tonic, and nutritive properties, by means of which the energy of the system is recruited.

Its Action is Prompt; it stimulates the appetite and the digestion, it promotes assimilation, and it enters directly into the circulation with the food products.

The prescribed dose produces a feeling of buoyancy, and removes depression and melancholy; *hence the preparation is of great value in the treatment of mental and nervous affections.* From the fact, also, that it exerts a double tonic influence, and induces a healthy flow of the secretions, its use is indicated in a wide range of diseases.

NOTICE—CAUTION.

The success of Fellows' Syrup of Hypophosphites has tempted certain persons to offer imitations of it for sale. Mr. Fellows, who has examined samples of several of these, ***finds that no two of them are identical,*** and that all of them differ from the original in composition, in freedom from acid reaction, in susceptibility to the effects of oxygen when exposed to light or heat, ***in the property of retaining the strychnine in solution,*** and in the medicinal effects.

As these cheap and inefficient substitutes are frequently dispensed instead of the genuine preparation, physicians are earnestly requested, when prescribing the Syrup, to write "Syr. Hypophos. ***Fellows.***"

As a further precaution, it is advisable that the Syrup should be ordered in the original bottles; the distinguishing marks which the bottles (and the wrappers surrounding them) bear, can then be examined, and the genuineness—or otherwise—of the contents thereby proved.

Medical Letters may be addressed to

Mr. FELLOWS, 48 Vesey Street, New York.

SERVICEABLE SPECIALTIES.

PICHI, (*Fabiana Imbricata*), is an emollient, sedative and diuretic in diseases of the Urinary Organs.

It has been found efficient in gonorrhœa, cystitis, dysuria, urinary calculus, and all irritable and inflammatory conditions of the bladder and urinary tract.

The pharmaceutical preparations of Pichi are Fluid Extract and Solid Extract Pichi and Soluble Elastic Capsules Pichi, 5 grs.

CACTUS GRANDIFLORUS is a heart tonic *par excellence*. In these days when so many persons die of heart failure, the selection of a heart tonic is important.

According to J. Fletcher Horne, M. D., in *London Lancet*, it is especially valuable in nervous and functional disorders of the heart, where digitalis and strophanthus are unsatisfactory, such as palpitation, irregularity, fluttering, intermission, slow or rapid action arising from debility, worry, dyspepsia, or the excessive use of tea and tobacco, comprehensively classed as cardiac erethism.

CREASOTE is of all the methods of treating consumption the most satisfactory.

We supply Creasote in Soluble Elastic Capsules (Cod Liver oil, 10 minims, Creasote, 1 minim), and Enteric Pills of Creasote coated with a material that resists the action of the gastric juice but dissolves in the duodenum.

☞*Send for literature or samples of these products.*

PARKE, DAVIS & CO.,

DETROIT, NEW YORK, AND KANSAS CITY.

DYSPEPSIA.

Deranged digestion is the most common of all human ailments. It is a truism that no organ of the body can preserve its normal integrity *when* its supplying nerve is disordered *by lowered tone,* but this fact is largely ignored in these modern pepsin days—the *cause* being lost sight of whilst trying to remedy the effect. It is well known that any unusual worry or anxiety will upset the digestion of *the neurotic* patient. Hence, in treating dyspepsia, particularly atonic dyspepsia, that form met with in persons of low vitality and poor appetite, there are *two distinct* ***INDICATIONS:*** one is to subserve the needs of general nutrition, the other is to subserve the needs of the nervous system. This can be done by giving the patient good nutritious food and a good nerve tonic. This explains why such remarkable results follow the daily use of ***CELERINA*** in all dyspeptic troubles.

The only prominent Emulsion of Cod-Liver Oil introduced directly to the medical profession. It is advertised exclusively in medical journals.

HYDROLEINE.

(HYDRATED OIL.)

Produces rapid increase in Flesh and Strength.

FORMULA.—Each Dose contains:			
Pure Cod Liver Oil	60 m. (drops)	Soda	1-3 Grains
Distilled Water	35 "	Salicylic Acid	1-4 "
Soluble Pancreatin	5 Grains.	Hyocholic Acid	1-20 "

Recommended and Prescribed by EMINENT PHYSICIANS Everywhere. It is pleasant to the Taste and acceptable to the most delicate Stomach.

IT IS ECONOMICAL IN USE AND CERTAIN IN RESULTS.

HYDROLEINE (Hydrated Oil) is not a simple alkaline emulsion of oleum morrhuæ, but a hydro-pancreated preparation, containing acids and a small percentage of soda. Pancreatin is the digestive principle of fatty foods, and in the soluble form here used, readily converts the oleaginous material into assimilable matter, a change so necessary to the reparative process in all wasting diseases.

The following are some of the diseases in which **HYDROLEINE** is indicated:

Phthisis, Tuberculosis, Catarrh, Cough, Scrofula, Chlorosis, General Debility, etc.

TO BRAIN WORKERS of all classes, **HYDROLEINE** is invaluable, supplying as it does, the true brain-food, and being more easily assimilated by the digestive organs than any other emulsion.

The principles upon which this discovery is based have been described in a treatise on "The Digestion and Assimilation of Fats in the Human Body," and "Consumption and Wasting Diseases," by two distinguished London physicians, which will be sent free on application.

SOLD BY DRUGGISTS GENERALLY.

C. N. CRITTENTON,

SOLE AGENT FOR THE UNITED STATES. 115 FULTON STREET, N. Y.

A Sample of Hydroleine will be sent free upon application, to any physician (enclosing business card) in the U. S.

Armour's Glycerole Pepsin

Is a permanent and concentrated solution of the ferment, constant in strength, and peculiarly adapted to use in all liquid combinations. We guarantee that each 10 minims of this elegant preparation contain one grain of our standard pepsin (1:2500). It is freely and perfectly miscible with any appropriate medium.

PARVULES

This is a new class of medicines (minute pills) designed for administration of remedies in small doses for frequent repetition in cases of children and adults. It is claimed by some practitioners that small doses given at short intervals exert a more salutary effect. THE ELEGANCE AND EFFICIENCY OF PARVULES, AND THE AVOIDANCE OF CUMULATIVE EFFECT, DEPEND ON OUR MODE OF PREPARATION.

THE DOSE of any of the Parvules will vary from one to four according to age, or the frequency of their administration. For instance, one Parvule every hour, or two every two hours, or three every three hours, and so on for adults. For children, one three times a day is the minimum dose.

Price, 25 cents per bottle of 100 each, or $1.10 for bottles of 500.

CALOMEL, Parv. . . . . 1-20 gr.
Med Prop.—Alterative, Purgative.
Dose.—One to two every hour. Two Parvules of Calomel, taken every hour, until five or six doses are administered which will comprise but half a grain) produce an activity of the live which will be followed by bilious dejections and beneficial effects that twenty grains of Blue Mass or ten grains of Calomel rarely cause, and sickness of the stomach does not usually follow.

PODOPHYLLINI, Parv. . . . . 1-40 gr.
Med Prop.—Cathartic, Cholagogue.
Two Parvules of Podophyllin, administered three times a da , will re establish and regulate the peristaltic action, and relieve habitual constipation, add tone to the liver, and invigorate the digestive functions.

ALOIN, Parv. . . . . 1-10 gr.
Med. Prop.—A most desirable Cathartic.
The most useful application of these Parvules is in periodic irregularities Dysmenorrhœa and Amenorrhœa. They should be given in doses of one or two every evening at and about t e expected time.
Dose.—4 to six at once This number of Parvules taken at any time, will be found to exert an easy, prompt, and ample Cathartic effect, unattended with nausea, and in all respects furnishing the most desirable aperient and cathartic preparation in use. For habitual constipation they replace, when taken in single parvules, the various medicated waters, avoiding the quantity required by the latter as a dose, which fills the stomach and deranges the digestive organs.

AVOID SUBSTITUTES.

Ch. Marchand's Trade Mark.

GLYCOZONE.

PREVENTS FERMENTATION OF FOOD IN THE STOMACH.
MOST POWERFUL REMEDY FOR HEALING PURPOSES. CURES:
DYSPEPSIA, GASTRITIS, ULCER OF THE STOMACH, HEART-BURN.

Glycozone is sold only in 4-oz., 8-oz., and 16-oz. bottles. Never sold in bulk.

CH. MARCHAND'S
PEROXIDE OF HYDROGEN

(MEDICINAL) H_2O_2 (ABSOLUTELY HARMLESS.)

MOST POWERFUL BACTERICIDE AND PUS DESTROYER.
ENDORSED BY THE MEDICAL PROFESSION.
UNIFORM IN STRENGTH, PURITY AND STABILITY.
RETAINS GERMICIDAL POWER ANY LENGTH OF TIME.

IMPERIAL GRANUM.

IMPERIAL GRANUM is one of those carefully and conscientiously prepared foods that never disappoint the doctor in its administration. We have never seen a stomach that could not retain it, no matter how inflamed it might be. It will at once be seen what a valuable aid this is to the physician in the treatment of all graver forms of gastric diseases.—*The Prescription, Feb. '91.*

FOR several years we have used and prescribed IMPERIAL GRANUM, both in private and hospital practice, and have not as yet recorded a single case of failure to obtain the most satisfactory results. Especially is it serviceable in our hospital wards, and its uniformity may always be relied upon.—*Ensworth Hospital, St. Joseph. Mo. May 15, 1891.*

IMPERIAL GRANUM is a good and well made powder of pleasant flavor. * * Contains no trace of any impurity.—*The Lancet, London, Eng., July 18th, 1890.*

IMPERIAL GRANUM is acceptable to the palate and also to the most delicate stomach AT ALL PERIODS OF LIFE.—*Annual of the Universal Medical Sciences, '90.*

IMPERIAL GRANUM is an invalid food of unrivalled purity, very palatable, and of especial value in typhoid fevers, inanition, and enteric troubles generally. Its sale is world wide.—*The Homœopathic Recorder, Philadelphia, Pa., May, 1890.*

IMPERIAL GRANUM.—The greatest possible care is used in its manufacture, as we can testify, having visited the factory. Absolute cleanliness prevails, and the greatest care is taken to have the product absolutely uniform.—*The Christian Union, New York, July 4, '90.*

IMPERIAL GRANUM is a food that has attained a high and standard reputation by the merit of actual use for a long period of time.—*Medical Summary, Philadelphia, Pa., July, '88.*

IMPERIAL GRANUM is very highly recommended and endorsed by the best medical authority in the country, and deserves a trial at the hands of the profession.—*North American Practioner, Chicago, Ill., July, '91.*

IMPERIAL GRANUM has stood the test of many years, and has not been displaced by any food yet introduced, while many competing kinds of prepared foods have come and gone, and have been missed by few or none. But this will have satisfactory results in nutrition far into the future, because it is based on merit and proven success in the past.—*The Pharmaceutical Record, New York, March 19, 1891.*

IMPERIAL GRANUM—"Of the preparations so varied and so highly commended by those who put them on the market, IMPERIAL GRANUM seems to hold the first place in the estimation of medical observers.—*New York Medical Record, Vol. 13, No. 23.*

IMPERIAL GRANUM is a prepared food that has acquired a very high reputation for its nutritive and medicinal excellence, and we have found it adapted to very young children as well as adults—in fact, we have used it successfully with children from birth.—*The Post Graduate Journal, New York, April, '90.*

SOLD BY DRUGGISTS. **Shipping Depot, JOHN CARLE & SONS, New York.**

A WORD TO THE WISE.

CERTAIN ADVERTISEMENTS FROM TRADE RIVALS,

who fear the phenomenal success of

Van Houten's Cocoa

in America, contain innuendoes against it, and appeal to the authority of DR. SYDNEY RINGER, *Professor of Medicine at University College, London, Author of the Standard "Handbook of Therapeutics."*

This eminent physician ACTUALLY writes as follows:—

"From the careful analyses of Professor ATTFIELD and others, I am satisfied that Messrs. VAN HOUTEN'S COCOA is in no way injurious to health, and that it is decidedly more nutritious than other Cocoas. It is certainly "Pure" and highly digestible

"The quotations in certain advertisements from my book on Therapeutics are quite misleading, and cannot possibly apply to VAN HOUTEN'S COCOA."

The false reflection on VAN HOUTEN'S COCOA *is thus effectually repelled, and the very authority cited to injure it has thereby been prompted to give it a very handsome testimonial.*

ADDRESS ON THE DEVELOPMENT OF THE

MEMORY

To introduce a series of valuable educational works the above will be sent to all applicants FREE

EVERY PHYSICIAN IN THE WORLD SHOULD READ THIS ADVERTISEMENT.

OFFICE AND GYNÆCOLOGICAL CHAIR COMBINED.

Special Inducements given to Physicians for a Limited Time. Write at Once.

No. 1.

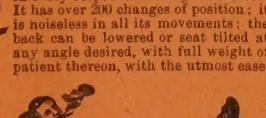
As a Gynæcological Chair it will take any position shown, or any intermediate position, besides having newly patented improvements, which make it without doubt the **best and cheapest Office and Gynæcological Chair in the World.**

This Chair can be converted from a splendid Office Chair (see Cuts Nos. 1 and 3) into one of the most complete Gynæcological Chairs in one-half minute (see Cuts Nos. 2, 4, and 5).

This is the most complete Physician's Chair ever offered to the profession. It combines a handsome leather-covered Office Chair and a first-class Gynæcological Chair, at less than one-half the price you would have to pay for any other first-class gynæcological chair alone. The Chair is first-class in every respect and fully warranted. It has over 200 changes of position; it is noiseless in all its movements; the back can be lowered or seat tilted at any angle desired, with full weight of patient thereon, with the utmost ease.

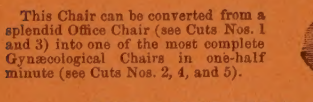
No. 2.

This Chair is sold with or without the Gynæcological attachment, as desired. It is UNQUESTIONABLY the most complete and comfortable Reclining or Lounging Chair ever made. We make a special price to physicians, and also give them a handsome commission on all orders we receive through them for Chairs for their patients. No Chair in the world is so well adapted to ladies suffering from female weakness, and the commission we give on your orders will soon pay for your own Chair.



No. 3.

SEND 2-CENT STAMP FOR SIX ELEGANT COLORED ENGRAVINGS,



No. 4.

showing the Chair in different positions and different styles of upholstering., etc.; also circulars containing splendid testimonials from nearly every State and Territory in the U.S.

REMEMBER this Chair has nickel-plated attachments and adjustable stirrups. You cannot buy as fine a Gynæcological Chair as this of any other reliable make for less than $70 to $100. The Chair can be rigidly locked in any position. Physicians should order at once, as the special inducements we are offering only hold good for a limited time. Address,

BAILEY
Current Regulator.

For Regulating the Strength of Current, or Dosage.

This NEW INSTRUMENT perfectly supplants the Switch-board or Cell Selector as a means of modifying the current.

It is far better; also cheaper. It imposes EQUAL WORK upon all the cells of the BATTERY.

CURRENT REGULATION IS PERFECT.

From full strength of the battery down to a current so feeble as to be imperceptible to the most sensitive organ, and this without any possibility of breaks in the circuit or sudden shocks to the patient; a most important feature, as all physicians know who use electricity in their practice.

With the REGULATOR there is a saving in the number of wires leading from the battery, as only two are necessary. Write us for catalogue of Electro-Therapeutical goods.

LAW BATTERY CO.,
85 John Street, N. Y.

Have You a Patient

With the *Consumption*, *Scrofula*, or any other *wasting* and *debilitating* disease?

If You Have,

Try Dr. Churchill's Treatment with the Hypophosphites of Lime and Soda, *uncombined* with other drugs. For *success* you need a chemically pure preparation, which you will find in *McArthur's Syrup.*

Prof. HARVEY L. BYRD, of Baltimore, wrote: "After two years' use of Dr. McArthur's Chemically Pure Syrup of the Hypophosphites, I do not hesitate to commend it to the profession as worthy of confidence."

If You Haven't

Used McArthur's Syrup we will send a bottle free to any physician willing to pay express charges, also interesting matter on the use of the Hypophosphites.

McArthur Hypophosphite Co.,

Boston, Mass.

Summary of Notes on
The Perfectly Prepared Pill.

CONCLUSIONS:

The Methodical Treatment of Disease calls for the therapeutic agents of **Advanced Pharmacy**, and these must be of as nearly absolute a quality as can be obtained.

Purity is Essential to the Perfect Pill, for, without it, safe, effective, exact and uniform results are not to be obtained.

Medicines should be "Arms of Precision." The physician cannot push his remedies to the limit of safety unless he has perfect confidence in their purity and accuracy.

Ready and Complete Disintegration of the pill in the stomach is obtained not only through a perfect

SOLUBILITY of the pill mass and its coating, but through
SOUNDNESS in the medicaments employed;
SUITABILITY as to the excipients chosen, and
SPECIAL SKILL, so applied as to prevent chemical changes during the time of preparation or afterward.

The W. H. S. & Co. Pill

is well liked by physicians and pharmacists because they know that its *quality, weight, uniformity* and *stability* can be fully depended upon. For the same reasons, physicians have deemed it proper, in prescribing,

To Specify the W. H. S. & Co. Preparations.

Attention is asked to the following selections from our pill list. These preparations together with many others of the same make, are manufactured in strict accordance with the views we have ventured to express in these notes.

Pil. Phenacetine et Salophen, 5 grs., "W. H. S. & Co."

For Influenza (*"la grippe"*), **Acute, Articular Rheumatism, Neuralgia, Migraine, Pertussis,** and all **Painful Febrile Conditions** whether or not dependent upon a **Rheumatic Diathesis.** [Pills of 2 1-2 and 5 grs. each, of equal parts of salophen and phenacetine.]

Pil. Terpin Hydrat., "W. H. S. & Co."

Exhibited in Bronchitis, Catarrh, Coughs, Colds, Asthma, and all **Respiratory Affections.** Unlike terebinthina and some of its derivatives, **no unpleasant symptoms** follow its use. [Pills of 2 and 5 grains.]

Pil. Creasoti, "W. H. S. & Co."

Prescribed for Pulmonary Tuberculosis, Pulmonary Phthisis, and **Acute** and **Chronic Diseases** of the **Bronchia.** It adds to the **Appetite** and **Weight.** [Pills of ½ and 1 grain.]

Pil. Phenacetine (Bayer), "W. H. S. & Co."

Administered in **All Forms of Fever, Pain, Rheumatism** or **Neuralgia,** and in all maladies in which an **Antipyretic** or **Analgesic** is indicated. It is also valuable in **Pertussis.** [Pills of 2, 3, 4 and 5 grains.]

Pil. Hydrargyri Tannici, "W. H. S. & Co."

Advantageously used in **all cases** in which **Mercury** is **required.** Especially valuable in the **prolonged treatment** called for in the various forms of **Syphilis** as it neither salivates nor disturbs the digestive organs. [Pills of 1 gr. each.]

W. H. Schieffelin & Co., New York.
